

In an effort to assist customers with properly scheduling a loan closing, Florida Capital Bank, N.A. (FLCB) has listed our current closing procedures below:

Loan Status:

Loans must be cleared to close and in “U/W Final Approval/Ready for Docs” status prior to submitting your closing request via the FLCB website, www.flcbmtg.com. Closing requests submitted before the loan status is U/W Final Approval/Ready for Docs or that fall outside of our posted turn times will be released back to the customer with notification that the closing request was released.

Completing the Closing Request:

The **Requested Closing Date and Time** on the closing request should be completed with the estimated date the borrower(s) is/are anticipated to be signing. The time is auto populated based on the time of day the date is entered. It does not represent the time of the day the borrower(s) intend to sign. If there is a specific time the borrower(s) must sign, please enter that information in the Special Instructions section at the bottom of the page. The **Requested Settlement Date** is the anticipated disbursement date of the loan. Completing the **First Payment Date** will indicate if an interest credit (short pay) is being requested. Interest Credits are only allowed through the 7th calendar day of the month. The loan must disburse by the 7th day to qualify for an interest credit.

Complete the **Title Company/Settlement Agent** section as well as the **Escrow** section including the wire information with the appropriate company information. A copy of the wire instructions will continue to remain a PTD-Closing condition. **Note:** *you can access the Settlement Agent list through the Vendor Info tab to create and/or update a permanent record of your closing companies.*

The **Hazard and Flood** (if applicable) Insurance Information is critical data as well and should be completed on this screen.

Utilize Special Instructions at the bottom of the form for any additional information to the closer. Be sure to click the “Submit” button at the bottom of the page.

Doc Draw Turn Times:

Doc Draw turn times are generally 24 hours. All loans cleared to close after 3:00pm PST are considered cleared the next business day.

Doc Preparation and Escrow Agent Responsibilities:

The FLCB closer will be responsible for communicating with the Originator and the Settlement/Closing Agent to prepare the Final Closing Disclosure (CD). Once the closing package has been prepared and reviewed for accuracy, it will be sent electronically to the Settlement/Closing Agent listed on the Closing Request along with the final CD. When this is done, the status of the loan will be updated to “Docs Out” generating an automated email notification of the action.

The NDC customer is responsible for the funding of their loan based on the requirements of their EPP or Warehouse lender.

Loan Changes:

Any changes to the loan after final underwriting approval will require the loan to be re-approved by underwriting. These changes could cause a delay or re-scheduling of the loan closing.

Important Note: A loan cannot close until at least three business days after the initial CD is acknowledged by the borrower(s) and any other interested party to the transaction. Any changes to loan terms that cause the APR to change by more than .125% or if the product is changed, a re-disclosed CD will need to be issued and a new three day waiting period will apply.

Rush Requests:

Any exception to posted turn times must be requested through your Account Executive.
